# ASHWAGANDHA

200 MG/ PER CAPSULE

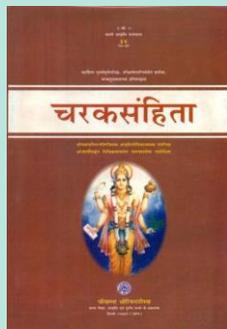

Aashwagandha can reduce anxiety scores by up to 70% or more in patients with anxiety or high stress levels.

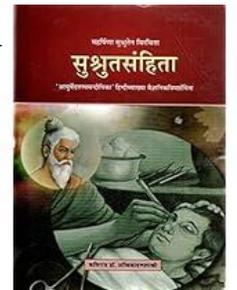

Significant benefits in terms of cognitive function and psychomotor performance have been observed in a number of different patient populations.

Ashwagandha has been found to increase brain-derived neurotrophic factor, thus protecting brain cells and promoting neuroplasticity.

Five double-blind, placebo-controlled trials have confirmed the sleep-promoting effects of ashwagandha in stressed adults; adults with anxiety and insomnia.

Ashwagandha enhances the function of the brain and nervous system and improves the memory. It improves the function of the reproductive system promoting a healthy sexual and reproductive balance. Being a powerful adaptogen, it enhances the body's resilience to stress. Ashwagandha improves the body's defense against disease by improving the cell-mediated immunity. It also possesses potent antioxidant properties that help protect against cellular damage caused by free radicals.

# GILOY

33.3 MG/ PER CAPSULE

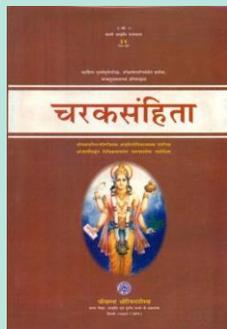

Traditionally used for the treatment of asthma, and the juice is also employed for the treatment of chronic coughs.

Giloy significantly decreased all symptoms of allergic rhinitis and is well tolerated.

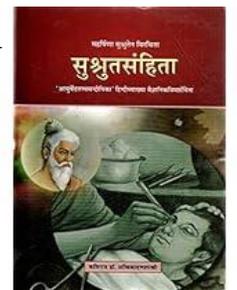

It shows significant antipyretic (Fever reducing) activity.

Trials have reported to have beneficial effects on the immune system and have been tested successfully for their immunomodulatory activity.

The pure aqueous extract of the root was found to enhance verbal learning and logical memory.

*Guduchi / Giloy* is described in ancient texts of Ayurveda, like *Rasayana, Sangrahi, Balya, Agnideepana, Tridoshshamaka, Dahnashaka, Mehnashaka, Kasa-swasahara, Pandunashaka, Kamla-Kushta-Vataraktanashaka, Jwarhara, Krimihara, Prameha, Arshnashaka, Kricch-Hridroganashak*, etc., (anti-diabetic, antipyretic, antispasmodic, anti-inflammatory, anti-arthritic, antioxidant, anti-allergic, anti-stress anti-leprotic, antimalarial, hepato-protective, immuno-modulatory and anti-neoplastic activities).

I have been taking the Athashri Capsules regularly and will continue. It has helped me a lot in the past three months. The consumption of Athashri capsules has reduced my Cold related issues and also stomach upset issue.

## Testimonial

*Sachin Joshi, V.P., RBL Bank*

I have been regularly taking **Athashri Capsules** for the past 2 months and it has helped me tremendously. I now cope up with anxiety more effectively (which is due to work pressure). I am more composed and deal with people and situations more positively. I am observing an improvement in my immunity to fight common cold and allergies.

मी ४ महिन्यांहून अधिक काळ अथश्री कॅप्सूल घेत आहे. माझी दैनंदिन कामे करण्यासाठी मला खूप उत्साह वाटतो. अथश्रीमध्ये नैसर्गिक जीवनसत्त्वे आणि खनिजे असल्याने मी इतर जीवनसत्त्वे घेणे बंद केले आहे. अथश्री कॅप्सूलमुळे माझ्या पायातील वेदना थांबल्यानं मला चांगली झोप लागते

**Mrs. Sulbha Patil**

नमस्कार. मी अथश्री कॅप्सूल घेणे सुरू करून एक महिना झाला आहे. पहिल्या कॅप्सूलपासूनच मी पाहिले की माझा बद्धकोष्ठता दूर झाली आहे. माझ्या शरीरातील उष्णता, विशेषतः माझ्या पोटाची उष्णता आता नियंत्रित आहे. मला आता लवकर झोप येत आहे आणि झोपेची गुणवत्ताही सुधारली आहे.

गेल्या महिनाभर अथश्री कॅप्सूल - दोन, जेवणा नंतर प्रत्येकी एक - घेतल्यावर एक गोष्ट लक्षात आली की दम लागणे कमी झाले. दुसरा फरक असा की रात्री झोपे पर्यंत मेंदूत एक प्रकारच्या ठुसठुसतीचा अनुभव येत असे तो थांबला आहे.

**Surendra Malshe,**

अतिशय चांगला अनुभव आहे. ऑपरेशन मुळे माझी ताकद खूप कमी झाली होती अशक्त पणा बराच होता. मी गेले दोन महिने अथश्री चा कोर्स नियमित पणे घेतो आहे. माझी ताकद भरून येत आहे. Anitibiotics चे दुषपरिणाम कमी होताना दिसत आहेत. कोणीही घेण्यास हरकत नाही. कोणतेही side इफेक्ट्स नाहीत.

## Here's what customers say about us!!

**Dr. Sachin Nagarkar,**  
Pooja Hospital, Paud, Pune.  
<https://gericareindia.com/>

I am a practicing physician at Pune and have given **Athashri Capsules** to 7 to 8 of my patients. I have found these capsules to be very useful in the management of moderate to severe allergic conditions like allergic rhinitis and hives. Unlike symptomatic treatments with anti-allergic medications, patients have reported a prolonged disappearance of the allergy attacks when **Athashri Capsules** (Health Supplement) were taken for more than 1 month. The dose for rhinitis was 3 capsules per day and for hives, it was 4 capsules per day. Age range of all the patients was from 11 years to 94 years. I would definitely recommend it for allergic rhinitis and hives.
